

LITTLE MEATH SUMMER 2018 NEWSLETTER

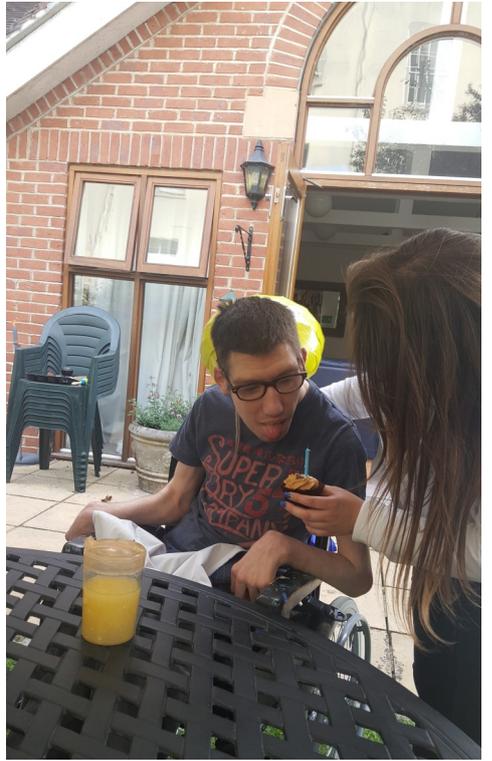

Sadly here on Little Meath we have been grieving the loss of Phillip Newberry who recently passed away. The loss of Phillip has certainly hit us very hard as he embodied everything that Little Meath represents and he was beloved by all those who were lucky enough to meet him and get to know him. We will always have a very special place in our hearts for Phillip and he will be sorely missed.

Peter, Lucy and Amanda recently went out on a wonderful day trip where their adventure involved sailing Surrey's very own equivalent of the Amazon, the river Wey. They anchored down in a not so sunny Guildford and had a lovely spot of lunch to round off a great day out on the water.

IT'S PARTY TIME

We made the most of the amazing sunny weather and celebrated Adams 37th birthday with the whole gang outside. As you can see below, everybody got a really yummy cupcake after their birthday lunch to share and enjoy. We also recently celebrated Peters birthday. Pete had a great time out at Smith N Western where he drank lots of wine in his cowboy hat and was surprised with an absolute monster of a sundae for dessert.

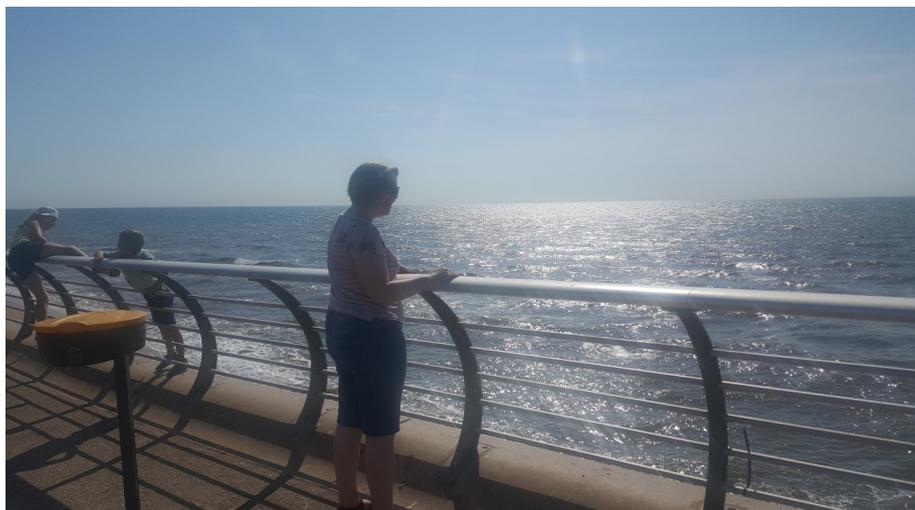

Carole and Elaine got the chance to pop out to London for a day of great fun. First stop was Waterloo station where we decided to take the scenic route and walk via the London Eye, over the river Thames and through Trafalgar square where we took in the sights and mingled with the eager tourists. We then found ourselves an authentic American grill where Carole chose a WHOLE rack of ribs with corn and Elaine settled for a jumbo hotdog and a chocolate milkshake. Afterwards the gang hit the West end and spent the afternoon experiencing Disneys 'Aladdin' live in action

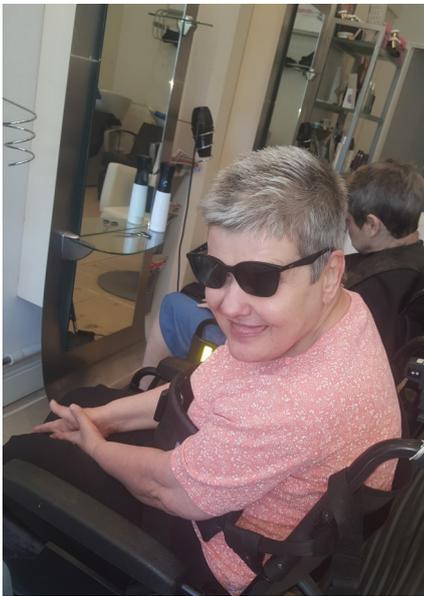

BLACKPOOL

Lucy went on an amazing adventure to Blackpool this year for her 2018 holiday. The weather was perfect all week round with lots of sun sea and drinks on the beach. Lucy got to see lots of the amazing views and sights of Blackpool and she made the most of her time away on the east coast.
